ROLFO

ROLFO SERVICE S.r.l. represents a further step that **ROLFO** makes for his own international development strategy. In this way there is a consolidation of the efficient after-sales assistance network, grown up parallelly with the company for more than a century and following the development phases and customer's requirements.

ROLFO SERVICE responds also to the will of demonstrating the widespread presence of **ROLFO** assistance centres in the world, screened according to the provided service quality and the professional competence of the staff, that is constantly updated and trained.

The general direction of **ROLFO SERVICE** verifies and ascertains a minimum level of stock of all deposits, organises and plans spare parts and consumer-material production as well as standard and just-in-time delivery, giving service centres the opportunity to offer rapid and professional services and repairs.

**YOUR BEST
FELLOW TRAVELLER**

ROLFO SERVICE S.r.l. Staff is always at your disposal for solving any kind of problem wherever you are, assuring quick operations made always by trustworthy qualified people, looking for the most appropriate service centre between all existing world-wide, ensuring a warm welcome and comfort during a possible wait.
